

Boil Water Rescind Notice

For Customers for the following:

**South 47 to VZCR 2624
VZCR 3414, 3416, 3437
VZCR 3906,3907,3908,3910,3918
PR Road 7808, 7911,7920
Northside I-20 Service Road from Fm 47 west to PR RD 7911**

(The boil water rescind notice is for customers with low to no pressure during the leak repair on September 29, 2024, at VZCR 3910 and VZCR 3906.)

On **September 29, 2024**, the Texas Commission on Environmental Quality (TCEQ) required our public water system MacBee Special Utility District, PWS ID #23400012, to issue a Boil Water Notice (BWN) for the above and to inform our customers that due to the distribution pressure dropping below 20 PSI, or an interruption in service, water from our system must be boiled before consumption.

Our system has taken the necessary corrective actions to restore adequate pressure, disinfectant levels, and/or bacteriological quality and has provided TCEQ with testing results that indicate that the water no longer requires boiling as of **October 11, 2024**.

If you have questions, contact the Office at 903-873-2109 or 430-307-5544. If a customer wishes to reach TCEQ, they may call 512-239-4691.
