

Boil Water Rescind Notice

For:

NORTH PRESSURE PLANE

**Customers experienced low or no water pressure during the
Water Main repair on Sunday (12-29-2024)**

The VZ County Roads include:

**VZCR 3808, VZCR 3809, VZCR 3812, VZCR 3817, VZCR
3818, VZCR 3820**

On **December 29, 2024**, the Texas Commission on Environmental Quality (TCEQ) required our public water system MacBee Special Utility District, PWS ID #23400012, to issue a Boil Water Notice (BWN) for the above area in the North Pressure Plane and to inform our customers that due to the distribution pressure dropping below 20 PSI, or an interruption in service, water from our system must be boiled before consumption.

Our system has taken the necessary corrective actions to restore adequate pressure, disinfectant levels, and/or bacteriological quality and has provided TCEQ with testing results that indicate that the water no longer requires boiling as of **December 31, 2024**.

If you have questions, contact the Office at 903-873-2109 or 430-307-5544.
If a customer wishes to reach TCEQ, they may call 512-239-4691.
