On Tuesday, September 12, 2023, the Texas Commission on Environmental Quality (TCEQ) required our public water system MacBee Special Utility District, PWS ID #2340012, to issue a Boil Water Notice (BWN) for Plant D service area to inform our customers that due to the distribution pressure dropping below 20 PSI, or an interruption in service, water from our system must be boiled before consumption.

Our system has taken the necessary corrective actions to restore adequate pressure, disinfectant levels, and/or bacteriological quality and has provided TCEQ with testing results that indicate that the water no longer requires boiling as of Thursday, September 14, 2023.

If you have questions, contact Office Manager Vonda Farthing at 430-307-5544, the Distribution Manager Darron Thorn at 214-215-5105, and Treatment Plant Manager Tim Smith at 903-413-3149.

If a customer wishes to reach TCEQ, they may call 512-239-4691.
