

MacBee Special Utility District Maintenance Work Notice:

On Wednesday, January 14, 2026, at 8:00 AM, and Thursday, January 15, 2026, the distribution crew, along with a contractor, will repair a creek crossing.

MacBee will need to shut down a valve off State Hwy 198 during installation.

This may cause some customers in the Jackson Pressure Plane to experience low or no water pressure. Customers will need to take steps to ensure they have water during the installation. The crew will work until the installation is complete. The following roads will be affected during the installation.

- State HWY 198 North to VZCR 2211
- Van Zandt County Roads: 2209, 2534, 2511, and 2520
- Eastern FM 3227

If you have any questions, please contact the office at 903-873-2109.
